Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Thursday 22 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Hot in west. Low cloud burning back to east coast.

Today:
Low cloud and mist in the east and north mostly burning back to the coasts, but persisting through the day across the Northern Isles. Then most areas having a dry, sunny and very warm day, becoming hot in the west.

Tonight:
Low cloud and mist spreads inland from eastern coasts, and may thicken to give light drizzle across the Northern Isles. Dry with clear skies and very mild in the west.

Friday:
Low cloud again burning back to the coasts in the east, giving a dry sunny day for most. Warm in the east, hot in the west. Cloudy across Northern Isles.

Outlook for Saturday to Monday:
Mostly dry warm and sunny Saturday and Sunday, overnight low cloud burning back to the east coast in the mornings. Cloudier with rain, mainly in the east, on Monday.
